Looking for hints of gold? Go for the **Lyon** floor, wall or table lamps. An elegant yet practical reading lamp next to your couch or bed. Too shy for matt gold? The black version will suit you perfectly!

Discover the fine, classy **Biarritz** hanging lamp, which is a statement item above your table or in the living-room! Available in two colors (black and white) and two shapes: the chandelier, round with 5 adjustable arms and the long version with 6 pivoting arms.

Marble is still going strong this year, it's about RoMi combines this chic material with glass in the **Paris** models, with floor, table and hanging lamps in black and white.
